Open Learning Australia delivers affordable and accessible education for all. Open Learning offers flexible learning, tailored to individual needs. Open Learning provides school leavers who do not gain a university place with a credible and readily accessible way of furthering their studies.

Open Learning is owned and partnered by seven Australian Universities. Courses are developed by 32 academic providers; qualifications you achieve are identical to those awarded to on-

campus students. The only difference is you learn at your own pace, when and where it suits you.

Membership

Membership of the Library is free to Territory residents. Please have identification that includes current residential and postal address. Children under the age of 18 years of age require the signature and identification of a parent or guardian.
